NOTE

This publication is subject to copyright. All rights are reserved, wheter the whole or part of the material is concerned, specifically the rights of translations, reprinting, re-used of illustrations, recitations, broadcasting, reproduction on microfilms or in other ways, and storage in data bases. For any kind of uses, permission of the copyright owners must be obtained.

The authors are responsible for all the contents present in their works, and attribute, free of charge, to RETE Publisher the right to publish and distribute them in different formats and media. The works published reflects information and experience, views and opinions expressed by their authors, and not necessarily those of the Publisher and Editors, who decline any responsibility in this regard.

All reproduction and translation rights of the articles are reserved. Reproduction, even partial, is prohibited by any means without the written consent of the Author and Publisher. The use of the contents of the publication by third parties for commercial or otherwise unauthorized purposes is not permitted. Partial citations of individual articles are allowed, in which the name of the Author and the indication of the source are correctly reported.

All the materials published in the Magazine have the sole purpose of enhancing the published contributions from a scientific and dissemination point of view. The external links and the images contained therein remain the property of their respective authors, and, if the owners of the legitimate rights request it, reproduction will be immediately suspended by the Publisher. The Editorial Team also declares its willingness to publish any corrections due to inadvertent improper citations.
